## This week in Art and Music...

Issue number: 22 Friday 28<sup>th</sup> March 2025

5B were extremely lucky with the weather this week for their trip to Dulwich Park to sketch the landscape for their Nature in Art topic. We hope 5K will be just as lucky next week!

Year 2's architect designed buildings have almost been completed ready to create their own Heber cityscape and they look fantastic.

Year 3 had great fun making their own Roman style sandals as part of their Day in the Life of a Roman topic.

**Don't forget the Spring Egg Design competition! Please remember a name label for your child's entry to hang in the school office. Small prizes available, deadline next Thursday but eggs can be left in the box in the Art room.**

Year 4 parents are invited to come to the Art room next Thursday 3 April from 3.45pm-4.30pm to see what they have been learning in Art this term in their Music In Art topic.

## 1V - Postal Museum Trip

On Wednesday, 1V visited the Postal Museum. They took the 40 and 63 busses and did a short walk to get there. They learned lots about post throughout history and saw many interesting artifacts, like old stamps, methods of transport and post boxes. There were lots of things that are different to present day! The class got to explore and play in the 'Sort It' room and they particularly liked riding on the Mail Rail, which was used to carry letters underneath London in the past. 1V had such a great day!

## Match Report:

### Heber Netball Girls vs. St John & St Clements – Friday 21st March

#### Katy Perry Would Be Proud (Or Horrified)

It was more than just a netball match—it was a showdown of skill, strategy, and, most importantly... chants.

This was a grudge match. Why? Because St John & St Clements had stolen our beloved “2, 4, 6, 8...” chant. Outrageous.

Treachery of the highest order. But Heber had a plan—unleash a brand-new chant so powerful it would leave the opposition in stunned silence (or at least slightly irritated).

Mr. Neve-Dunn, in true Heber fashion, invited enough players to form four netball teams. The more, the merrier—or the more, the louder!

As the Friday evening sun dipped, the tension was thick in the air. The visitors had the audacity to start chanting first. Game on.

On the court – Despite the constant player rotations, the Heber girls dominated and secured victory.

Off the court – The debut of our Katy Perry-inspired chant (set to the tune of California Gurls) was nothing short of legendary. Was it musically questionable? Absolutely. Did it rattle the opposition? Most definitely.

In the end, amid all the chaos, chanting, and questionable harmonies, there were smiles all around. Successful match. Successful chanting. Job done.

## 2S climb The London Monument!

On Tuesday, the brave and intrepid explorers of 2S scaled the London Monument. We took a train to London Bridge and crossed over the River Thames. We stopped first to look for landmarks and spotted Tower Bridge, The Tower of London, The Shard and even the HMS Belfast which one of us thought might be a nice ship to take for a honeymoon! We couldn't believe the size of the Monument, but we took deep breaths and climbed the 311 steps to the top. All of us made it, and were so impressed by the wonderful views. We then had to climb the narrow staircase back down. We then went to Pudding Lane where the fire started. Thomas Farriner's bakery is no longer there, but you can still buy baked goods in a nearby Greggs! Yummy!

## 3W's Trip to The Wetlands Centre

On Monday, 3W visited the WWT London Wetland Centre for an immersive introduction to our next science topic - Plants! The children enjoyed taking part in a plant classification workshop, acting as plant detectives by searching around the site for the different types of plants. We were amazed to learn the many ways plants adapt for survival such as the stickyweed, who enjoys hitching a ride on passers by to spread its seeds. After our workshop, we spent time exploring the Wetlands via the 'Wild Walk' spotting a range of birds, plants and other wildlife, visiting the sound garden and the home of the playful otters - Honey and Todd.

On Monday, we went to the London Wetland Centre. We went there because our new science topic is all about plants. We went to a really big flower place and we needed to find the right flowers to stick on a piece of paper. My favourite part was when there was a Stone Age cave and we played tag and Miss Walker was playing but she lost. My other favourite part was there was a slim piece of wood and we had to balance over mud and I nearly fell in! - Jasper

On the Wetlands centre school trip we got to do a plant workshop to learn how to recognise plants only by their leaves. My favourite part was when we walked across the wild walk and also when we saw the otters, they were so cute! - Ronja

<b>Total</b>	<b>6249</b>	6241	6244	6242

Congratulations to **RIGAL** who are this term's winning house. Children in Rigal can come to school on Wednesday in their own clothes – if possible, please can they represent their house by wearing something red! They will also take part in a fun activity in the afternoon!

## Heber SEND Tips

### This week: Where to find SEND resources?

At Heber we often have many families asking where they can find resources or support beyond school. On our Inclusion at Heber Google Classroom page, we have begun to collate as many resources as possible to help have it in a central place.

To access, please login with your child's Google Classroom and then join a class with the code: **46nmv7j**

We will be uploading all our Parent Workshop slides as well as additional information from Southwark in the next week, so please check back regularly. Alternatively, if you have had experience with an organisation that has been supportive/useful please also let us know so that we can share with others.
