DSWF Global Canvas 2022 Children's Art Competition

Dear Parents and Carers,

Since September, Year 1 have been creating work within their Art lessons to enter the DSWF Global Canvas 2022 Children's Art Competition. Using a wide range of media, each child has contributed to present a mini-exhibition of The Mangroves, reflecting the competition theme, 'Forests of Land and Sea.'

The Global Canvas Children's Art Competition was set up in 2004 by the David Shepherd Wildlife Foundation to encourage young people to express their concern for the environment through art.

This has been a great opportunity for the children to cross disciplines with Science and Geography through their lesson research. Shortlisted work will be invited to a virtual final held on Thursday 24 March 2022.

As part of the entry, a short film of the children presenting their work and how they have interpreted the theme will be submitted for the judges to view, which (should we be shortlisted), may be used for press and publicity purposes. In the main, the 3 minute film will be mostly of their artwork, their hands 'making' and their voices describing what they are doing. If we are not shortlisted, the film will be a wonderful celebration of your child's progress in art for you to share in with them.

Please sign and return this letter if you agree to your child participating in the photography and filming of the Year 1 entry. If you do not give permission, this does not at all affect your child's art experience, but please do reply all the same! Due to the length of editing time necessary for making the film and upcoming deadline, it would be hugely helpful if you could return this slip back ASAP.

Kind regards,

Susanna Davies
